

Etiquette Guidelines

- Respect the rules and regulations of the course you are playing.
- Ready-play golf. Play at a reasonable pace and be conscious of players/teams behind your group.
- Do not move or talk when someone in your group is hitting the ball (or about to hit).
- Have the player who is farthest away from the pin hit first on each shot.
- Let the winner of the previous hole tee off first at the next tee.
- Do not walk across the line of another player's putt on the green.
- Wait to hit your shots until the group in front of you is well out of range.
- Keep foul language and tempers in check.
- Remove all trash from rental carts upon departure.
- Leave the course in the same shape you found it - or better.
